

Model SMXD

Direct Drive Mixed Flow Fan

Advancing Ventilation

MODEL SMXD

DIRECT DRIVE MIXED FLOW FAN

MODEL SMXD15 SHOWN

MODEL FEATURES

- Rated up to 17,800 CFM in static pressure applications up to 5-1/2" w.g.
- 6 sizes ranging from 15 to 24" effective diameter wheels
- Continuously welded and epoxy coated steel housing
- For indoor use only
- AMCA Air and Sound Licensed
- cULus Listed

MODEL OVERVIEW

Model SMXD mixed flow fans are inline ducted fans that can be used in exhaust, supply, or return air applications. Mixed flow fans act as a hybrid between axial and centrifugal fans. Meaning, they produce a lot of air such as axial fans, but they can handle higher pressures like centrifugal fans. When these technologies come together, the fan ends up being more efficient and quieter than similar tubular centrifugal fans.

S&P is taking efficiency a step further by focusing this design around efficient direct drive motors, which can be paired with AC drives to adjust fan speed. The ability to control the speed allows the fan to hit multiple fan selection points similar to how a belt drive fan would be applied. Another couple of advantages with this is the lack of transmission losses associated with belts, and less maintenance that is associated with belt drive units.

Mixed flow fans work great in many applications where high efficiency and low sound are a priority. Some of those include: parking garages, commercial buildings, warehouses, food retail centers, and educational buildings.

CONSTRUCTION SPECIFICATIONS:

Fan Housing

- Heavy-gauge rolled steel construction
- Integral inlet and outlet flanges with mounting holes
- Standard bolted -wheel inspection door
- Continuously welded and epoxy coated
- 2 year fan housing warranty

Mixed Flow Wheel

- Steel wheel for light and heavy duty applications
- Designed using CFD to contour blades for the quietest and most efficient performance possible

Motors

- One year motor warranty
- Brands are nationally recognized and locally serviced
- TEFC is standard, and all motors can be paired with an AC drive
- 208-230/460V or 575V available
- Select 3-phase motors can be paired with a single phase input – three phase output AC drive

Certifications

- AMCA Air and Sound Certified
- cULus 705 Listed

Industry best 2 year fan housing warranty, 1 year motor warranty

OPTIONS/ACCESSORIES

ECOWATT-DRIVE (AC Drive)

- Set just 4 parameters to get your fan started
- Plug-in options for advanced control
- Dual Safe Torque Off (STO)
- Equipped with the latest energy saving features
- Up to 180% overload for high torque applications
- On board PLC
- Straightforward installation and commissioning
- Easy motor pairing and performance control
- Robust and reliable design

Disconnect Switch: Non-fused safety disconnect available for all motor sizes.

Hanging & Floor Brackets: For base or ceiling mounting. Neoprene and spring isolators are available.

Mounting Rails: Designed for vertical and horizontal mounting. Rail kits include mounting brackets.

Inlet/Outlet Guard: Prevents objects from entering the fan inlet or outlet. Includes companion flange.

Companion Flanges: Inlet and/or outlet flanges are available for duct connection.

AMCA Certified Ratings
SOUND and VIBRATION PERFORMANCE
AMCA
ASSOCIATION
INTERNATIONAL, INC.

S&P USA Ventilation Systems, LLC certifies that the SMXD shown herein is licensed to bear the AMCA seal. The ratings shown are based on tests and procedures performed in accordance with AMCA Publication 211 and AMCA Publication 311 and comply with the requirements of the AMCA Certified Ratings Program.

Performance certified is for installation type B: free inlet, ducted outlet. Power rating (BHP) does not include transmission losses. Performance ratings do not include the effects of appurtenances (accessories). The sound ratings shown are loudness values in hemispherical sones at 1.5 m (5 ft) in a hemispherical free field calculated per ANSI/AMCA Standard 301. Values shown are for Installation Type B: free inlet hemispherical sone levels.

S&P USA Ventilation Systems, LLC certifies that the SMXD shown herein is licensed to bear the AMCA seal. The ratings shown are based on tests and procedures performed in accordance with AMCA Publication 211 and AMCA Publication 311 and comply with the requirements of the AMCA Certified Ratings Program.

Performance certified is for installation type B: free inlet, ducted outlet. Power rating (BHP) does not include transmission losses. Performance ratings do not include the effects of appurtenances (accessories). The sound ratings shown are loudness values in hemispherical sones at 1.5 m (5 ft) in a hemispherical free field calculated per ANSI/AMCA Standard 301. Values shown are for Installation Type B: free inlet hemispherical sone levels.

S&P USA Ventilation Systems, LLC certifies that the SMXD shown herein is licensed to bear the AMCA seal. The ratings shown are based on tests and procedures performed in accordance with AMCA Publication 211 and AMCA Publication 311 and comply with the requirements of the AMCA Certified Ratings Program.

Performance certified is for installation type B: free inlet, ducted outlet. Power rating (BHP) does not include transmission losses. Performance ratings do not include the effects of appurtenances (accessories). The sound ratings shown are loudness values in hemispherical sones at 1.5 m (5 ft) in a hemispherical free field calculated per ANSI/AMCA Standard 301. Values shown are for Installation Type B: free inlet hemispherical sone levels.
